Grand Knight's Corner

As we wind down our fraternal year, I want to take a moment to thank you for entrusting me to serve as your Grand Knight for another year. It is a privilege and an honor to work with such a fine group of Catholic gentlemen and their families. You are the reason our council can accomplish so many things for our families, our parish, and our community. I look forward to your continued support in the coming year.

My family and I wish each of you a safe, happy, and blessed summer.

Help When Help Is Needed Most.

Buying life insurance is something that's easy to put off until tomorrow. And if your life is as busy as mine, tomorrow can easily become next week, next month, or even next year. I'd like to make a personal plea that you not make that mistake. Make an appointment to visit with me. I'll work with you to put a plan in place that will help your family when that help is most needed.

We all know someone whose health, instantly and seemingly out-of-the-blue, changes. You may think this can't happen to you. Think again. And keep in mind that no one will ring a bell warning you that your health is about to change. Medical technology has turned many diseases previously termed "death sentences" into very treatable conditions. What medical advances haven't changed, however, is that being diagnosed with one of these diseases will dramatically affect your ability to purchase life insurance coverage. Don't wait until it's too late. Call today.

Your Knights of Columbus insurance program is second to none. We recently surpassed \$65 billion of life insurance in force, and last year alone we issued more than \$6 billion in needed coverage. These numbers represent a safety net for Catholic families that's unsurpassed, and we're proud of that.

We're also concerned. Why? Because there are more than one million Knights of Columbus members who have no life insurance with us. I suspect that, for many of those one million members, tomorrow has become next week, next month, or next year. Don't be one of them. Don't wait for the bell to ring. It isn't going to happen.
