Grand Knight Welcome

I would like to welcome all Brother Knights to attend as many of our meetings and events throughout the year. With over 230 members in our council, more participation will strengthen our council.

It will also provide you with increased opportunities to connect with other Brother Knights that share your Catholic religious faith.

I look forward to seeing more of you throughout the year.

Membership Information

If you know someone that is interested in joining the Knights, please have them fill in a Form 100 and turn in to Paul Delgado, our Membership Coordinator. Paul can be contacted at 734-3638 or email at delgadopaul@cox.net.

Council Social Events

We would like to have more social events during the year. We currently have Christmas Party, golf outing, card parties, etc. If you have an idea for a fun activity, please call Mike Krzywicki at 592-2308 or attend a council meeting to present your idea.

Pancake Breakfast

Our next pancake breakfast will be held on Sunday, Sept 13 in the St Columbkille Church Social Level from 7:30am till noon. Please contact Mike Krzywicki to sign up at 630-8104 or email him at krzymike@cox.net.

Knights Council Sausage Making

We will be making sausage for sale on a date to be determined in the St Columbkille Church Social Level Kitchen. Please plan on helping. If you want to volunteer or want to order sausage for personal consumption or sale to friends and family, please contact Rick Scheer at 332-2504. More info to follow by email.

Orders need to be placed by TBD and will need to be **picked up and paid for on the day of the sausage making**. This is a new requirement implemented so we don't have sausage orders stored or unpaid for several weeks later.

Thanks.

Parish Family Fun Festival

The St Columbkille Parish Family Fun Festival will be on Sunday, Sept 20. The Knights will be manning the beer garden and the meat wheel booth. We will need at least 30 Brother Knights to volunteer to work at either of these two booths.

Bob Ecker will be taking volunteer signups. If you are able to sign up, please contact Bob at 537-0304 or email him at bb_eck@yahoo.com. There is an underscore after bb.

Teach your children well

Raising children is probably the hardest job you'll ever take. It requires you to wear more hats than you ever thought possible. Cook, chauffeur, nurse, counselor and many more... and that's often in one morning. One of the most important roles you accept as a parent is that of a teacher. Before they even get to school, you'll teach your children so much, and before they get out into the world, you'll instill values that they will carry with them.

Sometimes the values you want to impart (respect, compassion, accountability, financial responsibility, etc.) often run counter to what our instant-gratification driven society values. So, we strive to teach by example.

This is one good reason to carry enough life insurance to protect your family. This one simple act can show what you value. You'll show them that you love them and are concerned about their welfare. You'll show that you take your responsibility to provide for your family seriously, and that you want to make sure they're provided for even if you're not around. You'll show them that investing money in your life insurance protection is more important than the new set of golf clubs you might want, the newest and best home theater system you've had your eye on, or whatever else you might be sacrificing to pay the premiums.

It will teach them about priorities. Sure, it may not sink in at the time, especially if any of the sacrifices made prevent them from filling what they see as their immediate "needs" (really things they want, not need, like the newest DVD, video game or article of clothing). In the long run, they will learn from what you do and what you don't do. Only you can choose the lessons you will teach.

Let's meet to review your existing coverage. My needs analysis, provided at our expense, will help teach you where your coverage may be lacking. We can plan today to secure your family's future and set in motion lessons that will last a lifetime.
